EXPERIENCE

FREELANCE UX DESIGNER

LaunchBox Accelerator Program, Trinity College Dublin | January 2025 - April 2025

- Selected to participate in a competitive accelerator program for early-stage ventures.
- Developed a business model, conducted customer discovery, and built an MVP.
- Collaborated with mentors and peers to refine the product concept and go-to-market strategy.
- Gained hands-on experience in startup operations, pitching, and lean methodology.

DIGITAL DESIGNER

Baked by Melissa | March 2022 - August 2024

- Design assets for multimedia and graphic endeavors, encompassing web design, advertising campaigns, motion design, newsletters (with a subscription base of 1 million), social media content, and interactive displays.
- Redesigned the newsletter style to reflect a modern interpretation, aligning it seamlessly with the brand's style.
- Collaborate closely with the B2B team to conceptualize, design, and produce tailored materials, ensuring alignment with brand guidelines and meeting specific client requirements.
- Participate in design discussions and give feedback during planning and strategy meetings.
- Research industry trends to present ideas and concepts for timely digital innovation.
- Assist direction of photo and video shoots to ensure flawless execution of marketing campaigns.
- Utilize Asana as a collaborative platform to work with other departments in creating impactful digital assets.

FREELANCE ASSISTANT ART DIRECTOR

JNF-USA | October 2021 - March 2022

- Managed visual execution of multi-channel assets including website design, magazine layouts, social media content, travel itineraries, and both printed and digital invitations.
- Designed graphics for both physical and digital fundraising initiatives, contributing to the successful raising of \$113 million dollars in 2022.
- Collaborated with cross-functional teams on Salesforce to successfully execute requests from other departments.
- Developed and delivered creative concepts to influence business and creative decisions.
